Subscription Terms for SaaS Products

1. **Standard Support Services**. Direct support for the SaaS Products is limited to contact persons total (not exceeding the number of Licenses) being employees of Licensee or Licensee's affiliates, who are Authorized End User(s) with Desktop or SaaS Designer, or Builder licenses ("Product Administrators"), who will collect and facilitate support requests from Licensee's SaaS Products users and interface directly with LLamasoft's SaaS Products support contact.   .

2. **Updates and Maintenance for SaaS Products.** LLamasoft may perform scheduled maintenance for SaaS Products that will be announced at least one (1) day in advance; and during such time SaaS Products will be unavailable to Licensee. LLamasoft may perform additional unscheduled updates, repairs or maintenance, which may temporarily degrade the quality of the SaaS Products or result in a partial or complete outage of the SaaS Products. LLamasoft shall endeavor to provide notice of such activities, however, LLamasoft provides no assurance that Licensee will receive advance notification.

3. **Disclaimers.** LICENSEE AGREES THAT THE OPERATION AND AVAILABILITY OF THE SYSTEMS USED TO ACCESS AND INTERACT WITH THE SAAS PRODUCTS, INCLUDING TELEPHONE, COMPUTER NETWORKS, AND THE INTERNET, OR TO TRANSMIT INFORMATION, CAN BE UNPREDICTABLE AND MAY, FROM TIME TO TIME, INTERFERE WITH OR PREVENT ACCESS TO OR USE OR OPERATION OF THE SAAS PRODUCTS. LLAMASOFT SHALL NOT BE LIABLE FOR ANY SUCH INTERFERENCE WITH OR PREVENTION OF LICENSEE'S ACCESS TO OR USE OF THE SAAS PRODUCTS OR THE IMPACT SUCH INTERFERENCE OR PREVENTION MAY HAVE ON LICENSEE'S ABILITY TO USE THE SAAS PRODUCTS. LLAMASOFT SHALL NOT BE RESPONSIBLE FOR THE DELETION, CORRUPTION, DESTRUCTION, DAMAGE, LOSS OR FAILURE TO STORE ANY LICENSEE DATA.

4. **Licensee's Responsibilities.** Licensee shall: (a) notify LLamasoft immediately of any unauthorized use of any password or account or any other known or suspected breach of security; and (b) report to LLamasoft immediately, and use reasonable efforts to stop immediately, any copying or distribution of the SaaS Products that is known or suspected by Licensee. Licensee shall designate and keep in place a qualified individual to create user accounts and otherwise administer Licensee's use of the SaaS Products (an "Authorized Administrator").

5. **Audit.**   Upon request by Licensee, LLamasoft agrees to complete, within forty-five (45) days of receipt, an audit questionnaire provided by Licensee or Licensee's designee regarding LLamasoft's information security program.   LLamasoft will maintain annual SSAE-16 Type II audit reports with SOC2 Type II audit reports on availability, security, confidentiality, privacy and processing integrity (the "Audit Reports") for datacenters that provide the Services (including storage of any Licensee data) to Licensee. Upon Licensee's request, LLamasoft shall provide Licensee with the Audit Reports for its review.

6. **Background IP Utilized with SaaS App Builder Module ("App Module").** Each party will retain all right, title and interest in its Intellectual Property Rights developed prior to or outside of the work done under this Agreement or any related services agreement ("Background IP"). "Intellectual Property Rights" means all rights in patents, trade secrets, copyrights, trademarks, trade dress, and other intellectual property rights, including rights that are unregistered, registered, filed, or applied for, and all rights and forms of protection of a similar nature that may exist anywhere in the world.

7. **Rights Regarding App Module.**
   - Licensee understands that any application it creates using the App Module (the "App") will only function when used with the App Module and therefore Licensee, or the applicable third-party customer, must have a license for the App Module in effect for it to use the App.
   - If the license grant in this Agreement or an Order Schedule specifies that Licensee has the right to permit third parties to use the App that Licensee creates, then Licensee shall not provide to a third party any App that can be used as a substitute for a LLamasoft Software product (such as SCG Desktop, DG Desktop, SCG SaaS, Demand Guru, etc.). If Licensee creates an App using the App Module that LLamasoft determines can be used as substitute for a LLamasoft Software product, in the exercise of LLamasoft's reasonable discretion, then LLamasoft may terminate the applicable App Module license or prohibit the use of that App with the App Module.
   - Nothing in this Agreement will prohibit LLamasoft or other LLamasoft customers from creating their own Apps, provided they do not infringe or misappropriate Licensee's Background IP.
   - Feedback on LLamasoft Software Products. Licensee's use of the Software may include Licensee providing ideas, suggestions or recommendations regarding the Software, including but not limited to the App Module (collectively "Feedback"), and these discussions will not constitute joint development. LLamasoft is free to use and incorporate the Feedback without any payment or other consideration to Licensee, and Licensee hereby assigns to LLamasoft all right, title and interest in any Intellectual Property Rights it may have or obtain in the Feedback.
