- 100% PO-based invoicing from 30%
- 90% e-invoicing from 0%
- $2.4M saved

---

**Upping the Ante on Spend Visibility and Control**

MGM Resorts International is global public company specializing in hospitality and entertainment, procuring everything from linens to dolphin medicine to $4.5 billion worth of wires. The organization manages over $7 billion in spend each year, but had limited visibility into the end-to-end process of procurement and payment.

With several mega-resorts around the world, operational efficiency and better business spend management (BSM) practices became table stakes for the MGM team.

**The House Wins Using Better BSM Processes**

MGM Resorts International wanted a “one stop shop” to manage all procure and pay processes.

They chose Coupa’s integrated, intuitive BSM platform to make spend visibility and control easy. They needed a solution to grow with the business, quickly scaling to include new locations or exciting guest experiences.
Global Supplier Management Capabilities “Wow” at MGM Resorts International

Over 3 Times More PO-Based Invoicing with Coupa for BSM
Almost overnight, the portion of PO-backed invoices tripled at MGM Resorts International, rising from 30% to 100%. Now, Finance and Procurement teams have greater predictability in their budgets.

E-Invoicing Adoption Jumps to 90% for 1 Million Annual Invoices
With Coupa’s BSM platform, MGM Resorts International drastically reduced the need for paper invoices from suppliers. Electronic invoicing jumped from 0% to 90% for the one million invoices processed each year.

$2.4M Saved with Better Spend Management
With fast adoption and increased spend under management in Coupa’s unified platform, teams at MGM Resorts International started their BSM journey by saving $2.4 million dollars.

Immediate Time to Value for BSM Platform
Day 1 after implementing Coupa’s BSM platform, the MGM Resorts International team had greater visibility into their spend and suppliers for their locations around the world.

“We are thrilled with the results of partnering with Coupa.”

— Amanda Prochaska, Vice President of Procurement PMO
